Water cannot rise higher than its source. It is the same with candidates. Bi-partisan candidates cannot rise higher than the bi-partisan politicians who bring them into the field. It would have saved Ryan trouble if he had recognized this fact in the beginning.

Ten Hearty Laughs a Minute

When those wild bucking bronchos with Wyoming Bill's Wild West Exhibition break loose there is more real hearty laughter to the square inch than can be found in a score of circuses. They perform indescribable twists and turns in their frantic endeavors to throw their riders, but the husky cowboy invariably remains seated, much to the displeasure of the beast. The fun is of the button busting variety. A score of these bucking bronchos are carried with this show and they create untold merriment by their actions. The show will be in Bedford next Thursday.

As editor of the Harrisburg Patriot Mr. McCormick has been exposing and denouncing corruption in Pennsylvania 365 days in the year. He did not wait until he became a Democratic candidate for Governor to begin.

Don't forget to vote on May 15th.

## A GENEROUS OFFER

Bedford Cemetery Association to Receive Large Contribution.

Mrs. George L. Hall of New York, whose husband is interred in the Bedford Cemetery, recently made a proposal to the Bedford Cemetery Association that is indeed generous. Mrs. Hall's offer is to the effect that she will contribute \$2,000 to the association provided it will raise a like amount for the purpose of beautifying and improving generally the appearance of the Bedford Cemetery. The Association has accepted the generous offer and at a recent meeting of the board of directors arrangements were made to secure the additional two thousand dollars by popular subscription. A committee of ladies interested in the matter, Mrs. D. W. Prosser, Mrs. Amanda Cleaver and Miss Fannie Enfield, was appointed by the president of the board to solicit subscriptions. The above named ladies will canvass the town and it is hoped a liberal response will greet them.

Among the improvements will be a beautiful memorial gate at the entrance of the cemetery in honor of Mr. Hall, new fences, water pipes extended from the borough mains to the cemetery, concrete walks, and other improvements generally.

Mrs. Hall's offer is limited to September 1 of this year, and all persons interested in the beautifying of our "city of the dead" should confer with or write to any member of the above named committee or with John Line, secretary of the board of directors.

The Gazette takes pleasure in presenting this matter to the public and pledges its loyal support to the cause.

## FATHERS' DAY PROPOSED.

Members of Bible Class Will Wear Dandelion Next Sunday.

Pittsburgh, Pa., May 11.—The 127 men who last Sunday attended the Calendar Bible Class in the South Avenue Methodist Episcopal Church, Wilkinsburg, started a movement to honor fathers next Sunday. By unanimous vote it was decided that each one is to wear a yellow dandelion to Sunday School.

The selection of the dandelion as the flower with which to honor father was made amid enthusiasm after the teacher, Melvin Callender, had declared it would be impossible to corner the market on this flower.

"I think it is up to the members of this class to honor their fathers in just the same loyal manner that we are honoring our mothers today," he said. "While we wear a white carnation today, I think it is proper for us to wear a dandelion next Sunday."

"Our daddies are 'dandy lions.' You can kick and cuff the dandelion about with your feet, and it bobs up serenely with its petals unruffled. We can all remember the many hard knocks father got, and that he always comes out of the trouble smiling and ready for another trussie."

Something serious is the matters, it is plainly to be seen. With that piebald automobile, the bi-partisan machine; For it's running very wobbly—here and there and every way— So look out for a smash-up on the nineteenth day of May!

## Miss Selina Wilkins

Miss Selina Wilkins, daughter of the late Mr. and Mrs. William Wilkins, died at the home of her sister, Mrs. Mahlon Clark, near Union Memorial Church, East Providence Township, on Sunday, May 3, after a prolonged illness, aged 76 years, 11 months and 19 days. She is survived by two sisters, Miss Katharine Wilkins and Mrs. Mahlon Clark.

The funeral service was conducted Wednesday morning, May 6, by Rev. J. R. Logue in the Union Memorial Church. Interment was made in the adjoining cemetery.

## Meeting of Classis

The 39th annual meeting of Juniata Classis of the Reformed Church was held in the new Reformed Church at Enrichen from May 4th to 8th. Rev. A. C. Ohi of Saxton, the retiring president, preached the opening sermon, his theme being "The Awakened Church." After the sermon, all the delegates joined in an impressive communion service. The election of officers resulted as follows: President, Rev. J. W. Zehring, Osterburg; Vice President, J. S. Isenberger, McConnellstown; Stated Clerk, Rev. B. R. Deatrick, Martinsburg; Secretary, Rev. E. A. G. Hermann, Cessna.

The greater part of the session on Tuesday was given to the reading of the parochial and statistical reports. All the reports indicate progress. Tuesday evening the work of the Sunday School was considered and addresses were made by Revs. Masters, Renoll, Frantz, Stone, Zehring, Hermann and Deatrick.

The address on Foreign Missions Wednesday evening was delivered by Rev. J. G. Rupp, Field Secretary of the Board of Foreign Missions, and Dr. Joseph H. Apple, President of Hood College, Frederick, Md., spoke Thursday evening on "Woman as a Moral and Spiritual Force in the World." Probably the most important question for Classis to decide was the division of the Hollidaysburg Charge.

The next meeting of Classis will be held at Juniata May 3, 1915.

Penrose is almost as interested in nominating Democratic candidates as in nominating Republicans. Why? Because he knows which candidates will give him the most trouble in November.

## ALL DEMOCRATS

should vote for  
Hon. A. Mitchell Palmer  
for United States Senator.  
Hon. Vance C. McCormick  
for Governor.  
Hon. William T. Creasy  
for Lieutenant Governor.  
Col. William T. Mechling  
for Secretary of Internal Affairs.  
Arthur B. Clark,  
Charles N. Crosby,  
Samuel E. Shull,  
Hugh E. Crilly,  
for Congressmen-at-Large.  
Warren Worth Bailey  
for Congressman.  
Philip P. Ritter  
for State Senator.  
John S. Whetstone  
for Assemblyman.  
John T. Matt  
for State Committeeman.

## Vote for Ritter

We are voluntarily informed that Mr. Ritter is the proper man for whom all Democrats should vote for State Senator. He is a very strong reorganization Democrat, while upon good authority we learn that Mr. Kirkpatrick is a reactionary and playing in the hands of the Republicans. We know that he secured his list of the Democratic voters of Bedford County through a Republican so if you get a circular letter from him you can mark it as a Republican masquerading as a Democrat to defeat the reorganization principles.

You will notice on Mr. Kirkpatrick's circulars that he promises everything and mentions nothing about reorganization of the party. He is covered with the cloak of Guile, Feignism, Hallism, Ryanism. That ought to be enough for all Democrats to vote against him. The Republicans need a candidate who will be favorable to them. Some one is financing this man's candidacy other than himself. You can guess who is doing it. He isn't rich. It takes money to do these things and when he gets Republicans to work for him you can guess who is the backbone in his fight and where the plums are to fall in the end.

Penrose and his bi-partisan allies have a good deal in common with Huerta. None of them know when they are licked and ought to retire. All will learn the lesson soon.

## Non-Partisan Ballot

The non-partisan ballot is a different one altogether from the straight ballot used in party voting. The voter receives two ballots at the primary. One of them is the party ballot for which he calls; the other is the non-partisan judgeship ballot. On the latter he will find the names of the candidates for Judge of the Supreme and Superior Court. This paper supports the candidacy of Judge Gustav A. Endlich for Supreme Court and Thomas J. Prather for Superior Court. These are good, clean, progressive, able men and Democrats as well as Republicans and Washington voters can well afford to vote for them. Don't forget Endlich and Prather.

Cheaters never prosper, and lies are always boomerangs. We commend these sentiments to the bi-partisan leaders and candidates who thought they could deceive the honest workmen of Pennsylvania.

## School Notes

The baccalaureate sermon will this year be preached in the Assembly Hall, Sunday evening, May 24, at 7:45 o'clock, by Rev. J. J. Minemier. All the churches of the borough are requested to unite in this union service. The music will be furnished by a union choir.

At the commencement exercises Thursday, May 23, at 7:45 p. m., Hon. J. M. Reynolds will deliver the commencement address. S. A. Cessna, president of the school board, will present the diplomas to the graduates.

The graduates this year are Herbert Oppenheimer, Rene Oppenheimer, Katherine Davis, Ruth Minemier and Florence Cuppett.

Misses Bain and Knight are opening a summer school, a term of six weeks, Monday, May 18.

A term of eight weeks of school will be opened by the Principal of the schools Monday, June 1st.

Who knows where Michael J. Ryan stands on the liquor issue, on the child labor question, on the good roads question, on the suffrage question, on the question of charitable appropriations, on the question of taxation, on the question of the initiative and referendum, on the question of conservation?

## W. C. T. U. Convention

The fifth annual convention of the Bedford County Woman's Christian Temperance Union will be held in the Presbyterian Church, Bedford, on June 2 and 3.

The program is one of unusual interest. The county officers have been fortunate to secure Mrs. Florence D. Richards, Ohio State President W. C. T. U., for the speaker of Tuesday evening, June 2, in Assembly Hall. Temperance friends throughout the county are urged to keep the date in mind and attend if possible this enthusiastic convention. Further announcements will appear in next week's Gazette.

## Slide on Broad Top

The tracks of the Huntingdon and Broad Top at Cyphur cut were completely blocked on Sunday by a slide of rocks and earth. The slide was discovered by a track walker, who succeeded in stopping a train before it ran into the debris. An examination disclosed the fact that the recent rains caused the slide.

## Clean Up Day

Wednesday, May 20th, has been appointed by the Borough Council as the time for beginning a thorough cleaning up of all public squares, streets, alleys and private properties, by removing all waste paper, ashes, sweepings, household waste, manure, nails or rubbish of any kind from said places, and to prevent future accumulations of said matters, in accordance with the following ordinances which will be strictly enforced:

An ordinance to prohibit the throwing of waste paper, sweepings, ashes, nails or rubbish of any kind into any public square, street or alley of the Borough of Bedford; making it unlawful to disturb the contents of any receptacle placed upon the streets or alleys for the collection of waste, etc.

Be it enacted by the Burgess and Council of the Borough of Bedford, etc.

Sec. 1. That from and after the passage of this ordinance it shall be unlawful, and is hereby forbidden, for any person or persons to throw waste paper, sweepings, ashes, manure, household waste, nails, rubbish or refuse of any kind into any public square, street or alley of the Borough of Bedford, or to interfere with, scatter or disturb the contents of any receptacle or receptacles containing ashes, garbage, household waste or rubbish, which shall be placed upon any of the public squares, streets or alleys for the collection of such waste or refuse matter.

Any person or persons who shall violate any of the provisions of this ordinance shall, upon conviction thereof, before the Chief Burgess or any Justice of the Peace, be sentenced to pay the costs of prosecution, and to forfeit and pay a fine not exceeding ten dollars for each and every such offense, and in default of the payment thereof, shall be committed and imprisoned in the Borough lockup or the County Jail of Bedford County for a period not exceeding ten days.

An ordinance relating to accumulations of garbage or rubbish upon private properties in the Borough of Bedford, Pennsylvania.

Be it ordained and enacted by the Chief Burgess and the Town Council of the Borough of Bedford, Pennsylvania, and it is hereby ordained and enacted by the authority of the same.

That from and after the passage of this ordinance, all persons are prohibited from depositing or permitting to be deposited any garbage or rubbish upon their lots or premises within in the Borough of Bedford, Pennsylvania.

Any person or persons violating any of the provisions of this ordinance, shall upon conviction before the Chief Burgess or any Justice of the Peace, be punished by a fine not exceeding five dollars, or by imprisonment in the Borough lockup for a period of not exceeding five days.

The ordinance prohibiting spitting or expectorating on the sidewalks also will be strictly enforced.

## Dimmick Meeting

Last Thursday evening J. Benjamin Dimmick, Republican candidate for United States Senator against the Hon. Boies Penrose, and his stump speakers, held a public meeting in the Court House and discussed the issues of the campaign against Penrose to about fifty of an audience.

The only leaders of the county formed a trio of A. C. Blackburn, E. Howard Blackburn and J. Anson Wright. Prof. Wright introduced the speakers after much parleying between him and A. C. and E. H. Blackburn. Neither cared for the job. Mr. Wright's remarks were addressed to fellow-citizens instead of fellow-Republicans, for the whole audience consisted of Democrats and Progressives those out of curiosity to know how a man can address an audience against a High Tariff man when he, himself, is a manufacturer and a benefactor of that high tariff.

Mr. Dimmick does not think that a panic will come as Penrose does nor does he think a tariff like the Payne-Aldrich tariff is needed. Yet he thinks we ought to have protection. All manufacturers do. Well, to make a long story short, Dimmick won't get a grease spot in Bedford County. Prof. Wright seemed to be glad that an opportunity was afforded to the people to select a United States Senator (Hurrah for Bryan!). The Republicans are thanking the Democrats for their aggressiveness, statesmanship, constructive ability. They are riding on the band wagon but they hate to blow the horn.

## LARGE AUDITORIUM

New Building to be Erected in Bedford This Summer.

Bedford is at last to have a large, complete amusement building of the very latest type. Lee Hoffman of the Hoffman Garage has succeeded in getting an out-of-town man of considerable experience in the auditorium line to affiliate himself in the enterprise. The site will be in the neighborhood of the present Hoffman Garage. The auditorium will contain the very latest in motion picture equipment, a roller skating rink, a bowling alley, an up-to-date stage large enough to accommodate the best of the theatrical road companies, which show in towns under ten thousand inhabitants. The removable chairs on the auditorium floor will permit using the same floor space for the roller skating rink, dance hall, basket ball games, etc.

The building will be built of concrete and about 60x125 feet. Bedford has always been in need of an auditorium of this kind and The Gazette will boost the enterprise in any way it can.

## Samuel Edward Leonard

Friday evening, May 8, at Mann's Choice Samuel E. Leonard died in his 62nd year. The deceased is survived by his wife, Mrs. Mary Adeline Leonard, and three children, J. W. Leonard, superintendent of tannery at Titusville; M. K. Leonard of Mann's Choice, and Nellie, wife of B. S. Rush, B. & O. ticket agent at Garrett.

Mr. Leonard suffered for two years or more, was operated upon two or three times and finally succumbed to the much dreaded malady, cancer of the stomach. Under the master hand of his friend and physician, Dr. E. L. Smith, he seemingly held the unconquerable at bay for a very remarkably long time.

Mr. Leonard was born June 1, 1852, at New Bloomfield. He received his early training in the Pfoutz Valley schools. On June 11, 1873, he was married to Miss Mary Adeline Zeigler of Newport. He served in various positions in the Newport tannery for perhaps 32 years and about five years as its superintendent. He was superintendent at Hyndman and Everett for about five years and at Mann's Choice he has been superintendent for two periods making in all about eight years, part of which time he had charge of Hyndman tannery.

He had been a member of the Lutheran Church at Newport for about 45 years and was an upright, honorable, Christian man. He was a generous contributor to every benevolent cause or church which appealed to him. His business transactions were all conducted on high moral principles. He would sooner lose than to have gained a dollar by the sacrifice of the strictest integrity. Every such man is a pillar of strength in a community. Such a man is a bulwark against sin. He is a monument of strength; he is a living inspiration to younger men.

And when the last days came with their suffering and weakness he was the same in dying as in living. Calmly without the quiver of a doubt or a fear he watched the bleaching and crumbling of his earthly tenement knowing whom he had believed and anticipating, sometimes with eagerness the revelations of the eternal world. With his face turned toward the light, encompassed by the progress of a Christian home, he fell asleep to be awakened by a voice not of this earth, "Well done, good and faithful servant, enter thou into the joy of the Lord."

Funeral services were held at his late residence Sabbath afternoon at 4 o'clock, conducted by Rev. Edward A. Snook, pastor of Schellsburg and Mann's Choice Presbyterian Churches, assisted by Rev. Rose of the M. E. Church.

On Monday the body, accompanied by the family and representatives of Masonic Lodge F. and A. M., 320 of Bedford, viz: Charles R. Mock and John P. Cuppett, was taken to Newport, where another service was held in St. John's Lutheran Church, in charge of Rev. William C. Nye, after which followed interment in Newport Cemetery, the Masonic Lodge, F. and A. M., No. 381, of which deceased was an honored member, conducting services at the grave. The Newport tannery closed down during burial period and the workmen of the same furnished a very elaborate and handsome floral design.

The Mann's Choice pall-bearers were Charles L. Holler, William F. Faupel, Clarence A. Diehl, Harvey H. Miller, Clarence M. Cuppett, Harry E. Cuppett. Funeral director H. F. W. Miller, Newport pall-bearers were Harry Smith, Col. C. L. Bair, Edward Leiby, Jacob Coble, George Bisline, Charles Lahr, W. H. Hoopes and Charles T. Rice.

News Items from the M. E. Church

George W. Faus, Pastor

Last Sunday, May 10, the Sunday School reached the high water mark in its attendance and interest for the present season. The contest between the two organized Men's Bible Classes is developing considerable interest. New faces are seen in each class each Sabbath, and still there are more men than ought to be enrolled in these Bible classes and interested in the study of God's Word. The Beginner's Department is now crowded. To see these little folks at work at their tables under the direction of their teachers is a sight well worth seeing. Parents take an occasional look at them.

The Mothers' Day service upon last Sunday evening in connection with the study of the Fifth Commandment drew a full house. The series of sermons upon the Ten Commandments are being well received by increasingly large audiences. The Epworth League of this church is now busy making plans for the entertainment of the District Convention which meets here June 10-11, at which time about 75 delegates, and a number of noted speakers are expected.

## Indian Princess to Visit Us

A beautiful Indian maiden, a princess of the famous Cherokee tribe, has charmed the world by her beauty and gracefulness. Princess Arrow Shot has no equal in the world, male or female, for horsemanship and her managing and riding of the untamable horses with the Wyoming Bill Wild West is spectacular and marvelous. She is one of the many features of the show, which will exhibit in Bedford on Thursday, May 21.

## FAST TRANSCONTINENTAL RUN

E. G. Baker, riding an Indian motor cycle, pulled into the Hoffman Garage at 6:45 Thursday morning on his record run from San Francisco to New York. Baker left San Francisco May 3 at 9 o'clock, following the Lincoln Highway and expected to reach New York City the evening of May 14 making the run in 11 1/2 days. The present record is 20 days and nine hours for a motor cycle, 28 days for one man auto record and 17 1/2 days for two-man auto record. Baker's longest day's run was 375 miles. For four days he made over 330 miles. The average was 280 per day to Bedford. There is also considerable road work being done all along the Lincoln Highway west of Pittsburgh. Baker also stated that the best marked section of the Lincoln Highway with the official Lincoln Way signs was from Greensburg to Bedford and that section is the distance west which Mr. Hoffman has under his control in having placed the Lincoln Highway markers and signs.

## MOYLE'S GREAT SPEECH

This speech created quite a sensation at the National Wool Growers' Convention. It is reproduced in full. Moyle is a Republican.

I have attended several conventions of the National Wool Growers, and have listened with a great deal of interest to what has been said and done, because I am deeply interested in the industry, and have been for twenty-five years. I have always entertained a somewhat discordant view from that of most of the wool and sheep men and have therefore ordinarily kept quiet.

To listen to some of the addresses and reports that have been made, one would think he was in a convention of stand-pat Republicans, rather than in a wool growers' organization, but I have accepted occasional thrusts at my political party without any disposition to be disagreeable, and have considered the standpoint of our critics, and the source from which it came. I have great respect for the gentlemen to whose addresses I have listened, and taken objection. I am pleased with the disposition to compliment Utah, but gentlemen have asserted that Utah is the proper place for the National Convention of Wool Growers to meet, because we are the greatest standpatters in the Union, one of the only two states to remain true to the discredited and repudiated branch of the Republican party. I would like for you to know that although Utah failed to get in line with the progressive sentiments of the nation at the last election, still if all those therein who were, in fact, in harmony with those sentiments had voted the same ticket, the result would have been altogether different.

I am not proud of our reactionaryism, and do not stand for it, and I trust that you will indulge me in making some few personal remarks, which would be out of order but for what has been said by others relative to politics.

I never was a free trader, or a protectionist. I never believed that the Government could enrich its people by taxing them. I have never believed that one class should be taxed to enrich another. I have never had a desire or purpose to engage in a business which could not stand upon its own merits, and if the sheep industry is such, then the sooner it is known the better.

The resolutions, as presented to us, also afford ample justification for taking your time, because they condemn the entire tariff law as it passed the last Congress. I do not think any one claims for it perfection. If you had objected only to that phase of the law which relates to the wool and meat industry, I might have raised no objection at this time, but I cannot agree with this wholesale denunciation of the tariff act which will doubtless go into history as one of the great landmarks in the progress of our nation. This great nation of ours is going onward to higher and greater prosperity. The important industry in which we are all interested, and in which I expect to continue, is not going to be destroyed, but will prosper. I not only say that, but have faith in it. Some of the gentlemen who have engaged in this calamity talk about the destruction of the industry have not indicated by their action that they lack faith in it. While I am opposed to putting wool on the free list, while the manufacturers of wool are given a substantial protective tariff, my own view and position is well expressed in the findings and recommendations of the Democratic Ways and Means Committee of the House of Representatives of the present Congress.

I have asked many shepherms if they would sell their interests in sheep at a discount, but they would not. The price of sheep has not materially fallen. Since wool has been placed on the free list, I have offered to pay the highest price ever paid for stock in the sheep company in which I am interested—the largest in Utah—and not one share has been forthcoming; and yet many talk about the industry being destroyed. Such talk is absurd. The demand for our product is constantly increasing while the supply is not.

You should be wise enough to know that there is a fair prospect of the political party, which you have been so liberally and freely denouncing (Democratic), continuing to be the dominant party of the nation for a generation to come.

I admire greatly the distinguished delegate, the Ex-Governor of an adjoining State, and Ex-President of this Association, with whose views I do not concur. He is a fighter, full of energy and fire and no man with such an heroic disposition could long remain within the shadows of the beautiful and inspiring mountains which surround us, the grandest on earth, without a desire to resist and combat an enemy, if such appeared to him to exist. He says the Democratic party has been hounding the sheep men for fifty years, that Mr. Bryan is ignorant or dishonest. He is mistaken. The Democratic party is and has been the friend of all the people of this nation. It is against special privileges but stands for the equal protection of all.

Mr. Arthur: We did not come here to listen to political speeches. I move that the gentleman be called to order.

Mr. Moyle challenged the gentleman's right to the floor on the ground that he was not a member of the convention. Mr. Arthur (a stand-pat Republican) admitted he was not. Time was extended Mr. Moyle by acclamation.

To avoid patience, I have listened with as much patience as possible to the political criticisms made, but they finally came in such a way that I cannot sit here and not reply.

It is true that the Democratic party has placed wool on the free list, but let us be reasonable. I urged upon our distinguished friend and your Ex-President that he induce President Taft to sign the "Democratic Progressive bill," which placed a 29 per cent. ad valorem duty on wool, but no—he, voicing the prevailing sentiments of the wool growers of the nation, would not accept it, but insisted that we must have a higher duty. The wool schedule of the McKinley, Dingley, and Payne-Adams

## A Woman's Charm

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet many who would be most attractive but for their streaked, thin and lifeless hair, think there is no remedy and that pretty hair is a gift of nature. Beautiful hair is really a matter of care and attention. Parisian Sage, when rubbed into the scalp and applied to the hair, will work wonders—you will be surprised and delighted with the first application—not only will the hair appear abundant, soft, fluffy, radiant with life, but really doubly beautiful. Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application and cleanses the hair of all dirt and excessive oil. It is an inexpensive, scientific tonic, and contains nothing to injure the hair or scalp. It can be secured from F. W. Jordan, Jr., or at any drug store.—Adv. May 15-2t.

tariff acts were two-thirds a gross and flagrant fraud, and apparently a sophisticated effort to impose on unsophisticated sheep men. While the tariff was nominally eleven cents on wool in the grease, by reason of the skirting clause, and other loopholes for fraud, the importer was able to avoid paying about one-half of the tariff, but the tariff, from 75 to 200 per cent. on manufacturers of wool, or wool and shoddy, was all it appeared to be. We have not been far from a free trade basis, in fact, for years.

The standpatters whom you so admire and worship are relics of other days.

It was the same with the sheep men in the matter of the forest reserves. As a student at school I studied forestry and have always believed that National Forest Reserves would ultimately conserve the public welfare, and the nation would be benefited thereby, although I agree that there have been gross errors and abuses in the administration of the law, but I am sure the ultimate result will be beneficial. Heretofore, in our Utah Wool Growers' Association, and in this organization, if one talked about leasing the public range or Government control of the public range, the average shepherdman was in arms. You are meeting this issue intelligently and propose to put yourself in a position where you can meet the situation and deal with it intelligently. It is a very serious problem, which must be dealt with in wisdom, or result in great damage. Had you done the same thing with the wool tariff, we might not have free wool today. Senator Aldrich said that Schedule K was the citadel of protection, and that declaration was met with the reply that if so, the citadel would be stormed and destroyed. What we want to do as woolgrowers, and what this organization should do, is to get in line with the progress of the nation. Ride in advance of the procession and not be so far in the rear. Get in line with the progressive spirit of today and not make of the National Wool Growers' Association an auxiliary organization of the Republican party, and particularly that defunct part of it which has gone out of existence never again to be restored to power.

You applaud the fierce attack upon William J. Bryan. There is no distinguished American of today who has impressed himself more upon this country. He undoubtedly furnished President Roosevelt with many of his progressive ideas. The great trouble with Mr. Bryan is that he has been ahead of his time. There is no man of cleaner life, of higher purpose or greater sincerity. And yet I differ with him in some of his views and positions on the tariff. The West produce what is called raw materials, the East finished products in which raw materials are consumed. I am opposed to any special favor or discrimination against either. A tariff for revenue so adjusted as to bear with equality and fairness, and without discrimination or special favor, on the different industries and sections of the country in my conception of a proper and fair means of raising revenue, and such a tariff will afford all the incidental benefits necessary to offset the difference in the cost of production here and abroad.

(Time again extended by acclamation.)

I do not want to detain you. I resist a tariff on the industries of the East and free trade for the West. I do not believe, however, that food and clothing and those commodities which form a part of the daily necessities of all the people should be unnecessarily burdened, or that they should or will ever be taxed again as they have been.

I believe a tariff tax like all other taxes should fall fairly on all sections of the country and on all industries without discrimination, or avoidable injury to any. In the framing of the tariff, past and present, there apparently has been discrimination against this industry. That it has been done with the purpose of destroying or injuring it is not true. It has been done with the view of helping all.

It has been done in fact by one of the greatest Presidents the United States ever had—it he were not such a man he could not wield, and would not wield, the power he does (Wilson). He may seem arbitrary, but there is the mental force and power and purpose there, and the sentiment of the nation is behind him. That means, ladies and gentlemen, that you may as well put your ears to the ground, get in touch with the nation. If an injustice has been done to the wool industry, that injustice will be righted, and it won't be righted by this organization and by the wool men of this country arraying themselves against this administration in its honest and sincere efforts to relieve the people from unnecessary taxation, and trade incumbrances.

I appeal to you to be reasonable. I have not had an opportunity to more than hastily read the resolutions. They are too sweeping—too much in line with the thought of some of the gentlemen here, who only see things from a Republican standpoint, and standpat at that. Limit this resolution to your own industry—to the industry that you believe is being done to you—and you will be respected, but

when you undertake to make it so sweeping as to denounce the entire law you make a manifest mistake. It should be so framed as to relate only to the tariff on wool and meat. It ought not to detain you longer, but merely wish to say again that the resolutions should be so modified as to make its denunciation of the tariff law relate only to your own industry, the production of wool and meat.

## PALMER FOR U. S. SENATOR

What President Woodrow Wilson said of Congressman Palmer: "I do not know of any one by whom I would rather be vouchered for than by Mitchell Palmer. I am proud indeed to appear under his auspices in his district, and I want to say to you confidentially that not only could you have a better representative in Congress, but I do not know of any district that has a better representative in Congress."

William Jennings Bryan on Palmer: "That stalwart representative of progressive Democracy, who in the House of Representatives speaks not only for Pennsylvania, but speaks in part for the progressive Democracy of the United States. I congratulate Pennsylvania upon having such a leader of the party as A. Mitchell Palmer."

Hon. Oscar W. Underwood on A. Mitchell Palmer: "I have been in Congress for eighteen years. I have seen many men come to Washington to serve in the House of Representatives and go. I have seen many able men, but I want to say to you, merely as a matter of justice to my friend, that I know of no man in all the time that I have served in Congress who has come to Congress and in so short a time has obtained the high position in the House of Representatives, commanded the following and achieved the leadership that your own representative, A. Mitchell Palmer, has done. He has reached the point where the door is open to him and to this district for almost any high honor he desires to reach out for, and not to keep him in public life would be a mistake upon the part of this district but would be a national misfortune."

Joseph Daniels, referring to a statement published in the New York World:

"In yesterday's World there are opinions from perhaps a score of leading members of Congress, most important of which is that from Hon. A. Mitchell Palmer, the brilliant Pennsylvania leader of Democracy." Editorial, Philadelphia North American, Thursday, May 9, 1912: "The Pennsylvania Democrats who, under the party reorganization, overthrew the Guffey dynasty at Harrisburg on Thursday, completed the work of rescuing the State from bipartisan machine control. The crushing defeat of the Penrose machine by the Republican convention one week before had left as the only salvage of the wreck of bossism the Guffey-Ryan-Donnelly-Hall-Garman appendage. The operation performed by the reorganizers was conducted in a highly effective and scientific manner, and the leadership of the Democratic party in the State is now in the hands of better men than it has been before for twenty years."

McCormick's Claims

No candidate before the people in years has combined so many elements of strength as Vance C. McCormick, Democratic candidate for Governor.

His position in favor of the right-hand demands of labor is known of all men, and has been testified to by none other than Secretary of Labor in President Wilson's Cabinet, William B. Wilson, formerly for years Secretary-Treasurer of the International Mine Workers, known the country over as one of the greatest and most beloved labor leaders in America.

Vance McCormick's interest in everything that pertains to farmers is proved not only by his own active connection with the farming business, by his liberal and enthusiastic support of every movement designed to improve agricultural conditions and methods, by his active work as a Trustee of Pennsylvania State College, but by the long and powerful campaign he waged last year to prevent the Penrose machine from fastening upon the farmers of the State an extravagant and corrupt system of highway management which would have prevented for years an economical and efficient improvement of the roads of the State.

As a public spirited citizen, newspaper owner and philanthropist, he has contributed as much as any man in Pennsylvania during the last ten years to the upbuilding of the progressive political sentiment, the eradication of political abuses, and the establishment of political reforms. As a former Mayor of Harrisburg he displayed administrative ability of the very highest order, and caused that city to enter upon an era of improvement which has made it one of the cleanest, most beautiful and most healthful cities in the State.

His recent political career has been signalized by the most intelligent and the most earnest efforts toward placing the Democratic party upon a high plane of freedom, independence, honesty and progressiveness.

A man with such claims is worthy of the support of every good citizen. Vote for Vance McCormick in the Democratic primaries on May 19th.

## HAPPY MOTHERHOOD

The happiness of motherhood is too often checked because the mother's strength is not equal to her cares, while her unselfish devotion neglects her own health. It is a duty of husband or friend to see that she gets the pure medicinal nourishment in Scott's Emulsion, which is not a drug or stimulant but nature's concentrated oil-food tonic to enrich and enliven the blood, strengthen the nerves and aid the appetite. Physicians everywhere prescribe Scott's Emulsion for overworked, nervous, tired women; it builds up and holds up their strength. Get Scott's at your nearest drug store.

## THE DEMOCRATS WILL WIN

If They Nominate Vance C. McCormick for Governor.

It is a matter of common knowledge that the Democrats of Pennsylvania cleaned house and placed their party control in the hands of Guthrie, Palmer and McCormick and the other leaders of what is now known as the reorganizers.

It is a fact that without this change of leadership Woodrow Wilson would not now be spoken of as one of our greatest presidents.

It is just as well known that the bi-partisan traders—the men who have brought disgrace on the fair name of Democracy—the men who have placed her on the block and auctioned her off to the highest bidder—the men who sold out for their own personal selfish benefit—these men are trying again to secure control of the Democratic party, certainly not for the good of the organization for they privately admit that their man cannot win if he should be nominated.

Look over the list of men backing Ryan—then read the columns of the Gang Republican papers that are almost a unit in backing him—then ask yourself, Mr. Democrat, why these men are back of him and why these newspapers are supporting him. These Gang papers want the Democrats to nominate a man they are sure to defeat in November. Is that what you want? Or do you want a real Democrat, a man of sterling character, a man of unusual ability, one who has served his own city in its highest office acceptably and who will be Governor himself, and whose every thought would be for the people, who now have a chance to come into their own.

Go to the polls on primary day—let nothing keep you away—and cast your vote for Vance C. McCormick who will win in November and who has and will make good—a man who is trusted, respected and thoroughly believed in by men of all parties and creeds.

## DANGEROUS WELLS &amp; SPRINGS

Little Talks on Health and Hygiene by Samuel G. Dixon, M. D.

It is indeed a modest property owner who will not boast of his well. The coolness, clearness and general excellence of their water supply is a favorite topic of conversation with thousands of people.

One-half of our eight million Pennsylvanians depend upon wells or springs for their water supply and from now on for the next four or five months the other half of our citizens on their vacation trips or half holidays in the country will find themselves depending upon water from these sources.

When investigations are made by sanitary experts the water of many of these wells and springs has time and again shown pollution, which means that they are positively dangerous for human consumption. Unfortunately water may appear clear and be agreeable in taste when it contains sewage organisms which may cause typhoid fever or dysentery when taken into the system. Much of our rural typhoid is due to polluted wells and springs.

No well should be located near a cesspool, privy or barn-yard where the drainage from these places can reach directly or indirectly by seepage through the water bearing strata. In a limestone country there is particular danger of sewage or animal wastes which find their way through fissures in the rock and may reappear many miles away in some subterranean stream which serves as a water supply.

Open wells are particularly liable to pollution and all wells should be carefully walled and covered to prevent surface and direct drainage from contaminating them. The close proximity of possible sources of pollution should be sufficient to place any well or spring under suspicion.

Unfortunately many property owners who strive to keep their houses and grounds in a clean, sanitary condition overlook this vital factor.

The cost of a water tight stone or cement covering which will deflect drainage from the well or the sinking of a new well in a safe locality is vastly more economical than a single case of typhoid fever.

## "STARTING AND STAYING"

Judge Endlich's Explanation of How He Wrote His Many Law Books.

On one occasion a friend of Judge Gustav A. Endlich of Berks, now non-partisan candidate for Judge of the Supreme Court, expressed surprise as to how he managed to write so many books, he having at that time published in all five books on the law, aggregating some 4,000 printed pages or about two million words. The Judge replied that that was easy and that any lawyer could have done it. It was a mere matter of starting and staying—sitting right down to the work and sticking to it. Lots of people, he said, failed of accomplishing things of which they were capable, because their starting apparatus was defective. A man was always afraid of work until he started, but once fairly started that fear fled. He said that he had that fear himself as much as any man, but he found that when he got fixed in a chair in front of a desk with paper before him the impulse to write arose and a sort of desire to cover the sheets held him to the task. He, early in his experience, found that it was a poor plan to worry or think about the magnitude or the long way to the end of the task, but to consider only the day's work and to try to make that a good one. Under this plan, he produced, while still a young man, six volumes of legal literature aggregating some 4,000 pages, which since he has been upon the bench, have been supplemented by some 1,300 written opinions, which would fill about 7,000 printed pages.—Adv.

The healing powers of San Cura Ointment are little short of marvelous. NINE MILLION WORDS

Remarkable Output of Legal Literature by a Pennsylvania Judge.

An admirer of Judge Gustav A. Endlich of Berks, candidate for Judge of the Supreme Court, of a statistical turn of mind, has lately been compiling some figures regarding the Judge's output of legal literature. The Judge's published works on the law comprise six volumes, on various subjects. His books cover some 4,000 printed pages, while his written opinions cover 6,817 typewritten pages and his contributions to legal periodicals aggregate some 7,000 pages more, so that his total writings amount to some 17,817 pages and between eight and nine million words, without counting his various addresses before public bodies on legal and educational subjects. Few jurists of his generation have contributed so copiously to the literature of the law and there are few whose writings and opinions are considered of greater authority, in the application and practice of the law, by members of the bench and bar. One of his books, "Commentaries on the Interpretation of Statutes," a monumental work of 925 pages, is quoted as an authority in all English speaking countries.—Ad.

## STRAWS IN DEMOCRATIC WIND

Lewistown, May 6.—The Mifflin County Democratic Committee unanimously endorsed the candidacies of A. Mitchell Palmer for United States Senator, Vance C. McCormick for Governor, and William T. Cressy for Lieutenant Governor at a largely attended and enthusiastic meeting. Resolutions endorsing the policies and achievements of the Wilson administration were also adopted.

Gettysburg, May 8.—At a meeting here tonight Congressman A. Mitchell Palmer read a letter he had received from his opponent on the Democratic ticket, Henry Budd, refusing to retract the criticisms of President Wilson which Budd had made in his opening speech in Philadelphia. Budd reiterated his charge that the President had overstepped the bounds of his office in influencing legislation.

Palmer declared that this showed clearly the real basis of the bi-partisan opposition to the reorganization candidates; that this opposition was based upon opposition to the Wilson administration, and that for that reason, if no other, it could not possibly succeed.

Other speakers at the meeting were Vance C. McCormick, Democratic candidate for Governor, William T. Cressy, Democratic candidate for Lieutenant Governor, who reiterated his charges against Eugene C. Bonnell and Judge Garman, and James I. Blaklee, Fourth Assistant Postmaster General, who repeated his declaration that the "Old Guard" campaign was mapped out at a conference with Republican Senators, Crow and McNichol, in Atlantic City on last September 8th.

McConnellsburg, May 4.—"Farmer" William T. Cressy, Democratic candidate for Lieutenant Governor, in an address here tonight challenged Judge Garman, the bi-partisan leader of Luzerne County, and Judge Bonnell, to answer a series of questions as to their loyalty to the Democratic party and their connection with the Republican machine.

Cressy virtually charged that both men had tried to sell out the party in the past, and both men had received favors from the Quay-Penrose machine, and that both were now trying to restore the Democratic party to the control of the bi-partisan Penrose organization.

Saratoga, May 6.—William Corless, District Organizer of the International Typographical Union, in a published interview today declared that the Harrisburg Patriot, owned by Vance C. McCormick, was a Union Shop, that every man employed in the mechanical department was a Union man, and was receiving Union wages, or better. He declared that Mr. McCormick and the managers of the Patriot were as fair to their workmen as any newspaper office in his district, and that they were complying with every requirement of Union principles.

This statement was made voluntarily in reply to a false charge of Mr. McCormick's opponents that the Patriot was not a Union sheet.

Harrisburg, May 6.—The following statement of the wages paid in the Harrisburg Patriot office was made

According to figures just made public by the Department of Agriculture nearly eleven million animals can be grazed on the 160 national forests during the present year. This enormous number of live animals includes nearly two million head of cattle and horses, nine million head of sheep and goats and about sixty-five thousand hogs. This means an increase for the current year of about thirty-eight thousand cattle and horses and three hundred forty-seven thousand sheep and goats, although the gross area of the national forests at the beginning of 1914 is almost a million acres less than at the beginning of 1913.

For several years past the carrying capacity of the national forest ranges has been slowly rising, which, forest officers say, indicates an improvement in general grazing conditions, and a better utilization of the forage resources. On the land recently acquired by the federal government within the Appalachian region of the east, regulated grazing has been undertaken this year on six distinct areas.

### Lincoln Highway Notes

Two thousand six foot elm trees have been donated to the Illinois representatives of the Lincoln Highway Association by Charles Gurrier of De Kalb, Ill. These trees will be planted on Arbor Day by the school children and representatives of the woman's clubs in the various cities.

A. R. Pardington, Vice President of the Lincoln Highway Association, recently addressed a meeting of good road enthusiasts at the Omaha Commercial Club. Pardington said that about 2,000 miles of the route west of Chicago, was in need of immediate improvement and urged local support.

The Chambersburg, Pa., Motor Club will take their annual run May 28, 29 and 30, going from Chambersburg, through Cumberland, Md., and Uniontown to Pittsburgh. On Decoration Day they will leave for home via the Lincoln Highway, through

### Ligonier and Bedford.

A survey of the Lincoln Highway in Pottawattamie County, Ia., for the purpose of eliminating curves and other objectionable features has just been completed at a cost of \$454.84. About \$35,000 will be spent on the Highway in this county.

Three hundred members of the Cedar Rapids Commercial Club heard Governor Clarke and A. R. Pardington speak on the subject of the Lincoln Highway and the work being accomplished in Iowa. Much interest was shown.

It has been reported at the National headquarters of the Lincoln Highway Association that A. B. Judkins, Treasurer of the local association at Goshen, Ind., was recently killed by a Lake Shore train. The Association, both nationally and locally, will feel the loss of Mr. Judkins, as he was one of the best good roads advocates in Indiana.

## Bedford Gazette

ESTABLISHED IN 1805

VICTOR E. P. BARKMAN  
Editor and Publisher

The Gazette is the leading newspaper of Bedford County and its circulation is far ahead of any of its contemporaries. As an advertising medium it is one of the best in this part of the state.

Regular subscription price per year \$1.50, payable in advance. Card of Thanks, 50c; Resolutions, \$1.00.

Gazette Publishing Co.,  
Bedford, Pa.

FRIDAY MORNING, MAY 15, 1914.

Hon. William Jennings Bryan joined the McCormick forces in the northeastern part of the State in the campaign for clean, progressive Democracy in the State of Pennsylvania.

The mediation plans are slowly progressing with little hopes for any satisfactory plans to be formulated by which Huerta can be brought to recognize peace. Huerta is obstinate on his own resignation and declares that he may die by his obstinacy but he will die as president of Mexico.

## Hands Above the Table

Mr. Greevey's back-room methods will not aid Ryan this time, and Ryan's boasted majority of 60,000 over Vance McCormick will not materialize.

From a letter from Vance C. McCormick which was written to Dr. A. Enfield of Bedford when Dr. Enfield and Dr. Hannan of Johnstown were making their fight against the field in the interest of Woodrow Wilson as National Delegate in 1912, it will be remembered that after these men had been selected by a party conference from Bedford, Blair and Cambria Counties held at the Logan House, Thomas H. Greevey of Altoona announced himself as a candidate for National Delegate, single and alone, thinking by this means he would draw enough from Enfield and Hannan to elect himself. It was through the efforts of Mr. McCormick and his paper that Greevey's scheme failed and he was defeated. This letter plainly shows that McCormick's heart was right then, and is now. He was a reformed and for Wilson then and he stands by the administration now, and he will be nominated and elected.

The fight that was made by McCormick, Palmer, Guthrie, Berry and their friends for reorganization and Wilson was not made in this State and Nation since the Civil War. They flung to the breezes of heaven the flag of Christian statesman, Woodrow Wilson, and under that flag every fair Democrat in Pennsylvania tied up with the old Greevey-Greeves-Donnelly-Ryan-Mulvihill bi-partisan machine volunteered to fight without the dollar mark of the Standard Oil octopus brand on them. It was a battle for right, for conscience and a progressive candidate and reorganization of a bi-partisan Penrose machine.

The Democrats of Pennsylvania are not going to soon forget the men who led them out of the wilderness to hope and victory. Every crisis has produced in the life and history of the Democratic party has found an honest army ready and willing to win the fight for honest leadership.

McCormick, with his army has already passed the skirmish line and will defeat the enemy May 19. To make the victory overwhelming let every fair progressive Wilson Democrat in Pennsylvania fall in line next Tuesday and finally bury the Greevey-Guffey machine so deep it will never be resurrected.

Those that are not with us in this fight are Tories and are camping on our flanks to help Penrose. Greevey in his Pittsburgh speech said they were getting ready to bolt. They always have bolted a regular nomination and they will do it again. They must either desert and go over in a body to the enemy or fall in line behind the administration.

The reorganized Democratic party of Pennsylvania is composed of men who love it and are willing to stand up for its principles and they will not permit a gang of bushwhackers and guerrillas to hang on their flanks while they are fighting to put down the enemy. Men who attempt to mislead the people deserve and must expect to be exposed. No condemnation, no approbrium is too harsh to be uttered when traitors are in the ranks and deserters are in the rear.

A Reorganization Democrat.

## President's Daughter Marries

William Gibbs McAdoo, Secretary of the Treasury, and Miss Eleanor Randolph Wilson, youngest daughter of President Wilson, were married at the White House Thursday evening of last week before a small group of friends. The simple and impressive wedding service of the Presbyterian Church was pronounced by Rev. Sylvester Beach, pastor of the church in Princeton, N. J.

The ceremony, while notably elegant in all of its appointments, was witnessed by the smallest company that ever attended so important a function in the White House. The Vice President and Mrs. Marshall, members of the Cabinet and their wives and relatives and a few intimate friends of the bride and bridegroom comprised the list of guests. The ceremony took place in the historic Blue Room, which has been the scene of more brilliant social functions than any other room in the mansion.

## WILD WEST SHOW COMING

Wyoming Bill's Wild West Exhibition to be Here Thursday, May 21.

There is probably no greater educational institution or amusement enterprise in the entire world today than the Wyoming Bill's Wild West Show. With this immense aggregation are the most noted, celebrated and renowned Scouts, Cowboys, Indians, Trappers and Guides identified with early frontier life. They have each and every one experienced the hardships of early pioneer days, and are this season portraying to the American public in a decidedly realistic manner the trials and tribulations that it was necessary to experience in the far West during the time the Red Indian reigned supreme. This portion of Wyoming Bill's Wild West performance is an educator for old and young alike, as well as entertaining and amusing, and furnishes only a part of the elegant performance. In addition will be found Cossacks from Russia, Gauchos from South America, Arabs from the desert, and an abundance of bright-eyed Seniors and dashing, daring, rosy-cheeked Western beauties, led by the famous Queen of the Saddle, Mabelle Deer, the most expert horsewoman the world has ever known. It is truly a pictured, brilliant and historical portrayal of life on the great Western plains—shooting, lassoing, bull-dogging, riding wild and untamable horses, bucking bronchos, mimic Indian warfare, Indian war dances, the sports and pastimes of the cowboys and cowgirls—attack of the stage coach, rescue of wagon train, and a true life representation of the famous Mountain Meadow Massacre.

A grand free street parade is announced for the day of exhibition, starting from the grounds promptly at 10 o'clock, with numerous free outside attractions upon the show grounds immediately after the return of the parade.

Two exhibitions are given daily, rain or shine, afternoon at 2 and night at 8. New specially constructed storm proof tents have been secured, which protect the audiences at all times from the elements.

## Paint-Wise

is to paint when your property needs it. Paint-foolish to wait for the price to go down.

But so many are foolish, they'll wait a good while.

The whole rise in the cost of a job is 10 percent. The first year's drop won't be more than half that, more likely a quarter.

Waiting for 5 percent, more likely 2 1/2.

The average job (with Devco) is \$50; 5 percent, \$2.50. Put it off for \$2.50? Guess not.

You think of that job as \$100. So it is with inferior paint.

Paint Devco; do it now, if your property needs it.

I wouldn't sell it for twice its price if I couldn't get another. That's what hundreds of owners have said about the Ford. More than a half million sold to date is proof of its world-wide popularity. Have you tried the Ford cure? For that shut-in feeling--for that roaming urge--for that tug towards the country-side, there's nothing like a day of Ford freedom. And its cost is well within your income.
